

## SHEEP HOCK CUTTER

### Description:

- Fast and powerful; for high volume production plants.
- To cut sheep and pig legs
- With double trigger for operator protection.
- Sheets can be interchanged
- Stainless steel construction and non-corrosive materials to facilitate sterilization and cleaning

### Technical Data:

- Activation: Hydraulic
- Weight: 4 Kg
- Sash opening: 38 mm (1.5 ")
- Aure pressure: 6 bar (90 psi)
- Control Trigger (s) - Type: Two Triggers / Pneu
- Power Unit: HP-III-A
  - 3 HP Hydraulic Pump
  - Motor: 3HP
  - Hydraulic pressure: 103 bar
  - Capacity: 10 Gallons
  - Flow: 3.0 GPM
  - Dimensions: 483 x 432 x 712 mm
