

## **CUTTER BUGGY TURNING ELEVATOR**

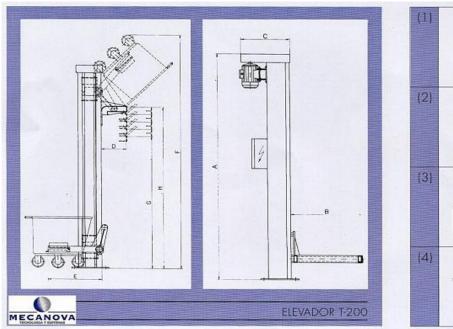

## Descriptión:

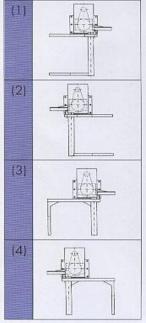

- Support structure built in stainless steel
- Turning mechanism through mechanical rotation system
- Mechanical system of lifting of trolley
- End-of-travel detection systems for the displacement of the basket.
- Sliding guides built in plastic material
- Electrical panel of the machine, built under CE regulations, with safety system of drive
- Discharge height: 2.200 mm
- Power: 3HP
